"Friendly, helpful and easy to talk to"

"always available to answer queries"

WEDDING DJ OF THE YEAR 2022

"Incredibly willing to help"

"went above and beyond"

Make Your Wedding Yours

Allow me to show you some of the ways in which I can make your evening bespoke, elegant and fun. I will listen to you and what you want for your wedding and play the right music for you and your guests. You can be rest assured that you will be hiring a friendly, helpful and reliable professional DJ who goes above and beyond as I am passionate about the success of your wedding. I welcome lots of communication as nothing is too much.

"Our guests were able to send requests for specific tracks ahead of time and right up to the evening itself.

The music choice on the night was superb. All our requests were catered for and nothing was too much trouble."

Lilley & Steve Eccles
Findon Manor

The Music and You

I encourage couples to take notes when you hear a song that makes you smile or remember a time together. Part of the music at your wedding reception should tell a story and bring back memories, as well as being fun and making guests want to dance. I have created a service on my website - <https://keenmds.co.uk/>

to enable you and your guests to request songs for the evening's playlist from the moment you book. I will also share this playlist with you one month beforehand to ensure there isn't any music which you don't want played. Learning what sort of music you dislike is just as important as the music you do like. I have a vast database of music ranging from the 1920s to today's charts, and I ensure good quality of sound by not relying on the internet.

From Enquiry To the Big Day

From your enquiry, I will take some details to provide an initial quote. If accepted, I will then arrange an initial call or video chat. This gives us the opportunity to get to know each other, to discuss your vision of your big day, your first dance, the theme, your music tastes and for me to gather practical information on your other suppliers and the running of the evening. One month before your wedding, we will meet in person at the venue to go over the details. From the moment of booking, I welcome any questions no matter how trivial you think it may be. I want to be part of making this the best day for you.

On the day, I will arrive 1 hour before and liaise with the wedding co-ordinator to start setting up and be ready to play music from the moment your evening guests arrive. I will also come to see you and to say hello and whether you need anything. When you are ready, I will announce the cutting of the cake and your first dance. I will continue to take requests throughout the evening and the happy couple are welcome behind the DJ booth to have some fun with the music.

"From the initial chat to the wedding night, Adam was fantastic the whole way through. He was friendly, helpful and so easy to talk to about what we wanted from him on the night."

The night itself was AMAZING! Everyone commented the days after about how they hadn't danced that much in ages! Adam took requests beforehand and on the night to keep the guests happy and got everybody up for those funny, classic songs. Thank you Adam for an such a fun, unforgettable night."

Announcements

I will welcome your guests at the beginning of the night, announce when it is time for everyone to join you around the cake and welcome you both to the dance floor for your first dance. And, if you are feeling a bit nervous, I can announce for your guests to join you part way through.

"Absolutely brilliant, from the first time we met him. We spoke regularly."

Tom & Katie Spicer
Selden Barns

The Little Extras

I offer extra's in addition to the set up if you would like to make your day that bit more unique

Unique First Dance

Why not have a unique first dance here we can discuss the songs you like and i can work with you to make a first dance just for you.

Ceremony & Wedding Breakfast Playlist

I can help make your ceremony playlist have it organised so it plays in the correct order and put it onto a device or CD.

Uplighting

Add some extra ambiance to your day with some uplighting to suit your colour theme.

The Day

Why not have me DJ your whole day, so you know the music is timed for your ceremony, the music at the right volume for your wedding breakfast and then into the night.

I will use my knowledge and experience to ensure there is enough sound and lighting for your wedding reception, discuss directly with your venue for their requirements ahead of the big day.

I will need to contact your venue to ensure they have my insurance and PAT testing certificates.

I will also speak to your photographer to see what lighting they do and don't want for your first dance.

If you're not sure of who to hire, I have a number of suppliers that I am happy to recommend from catering to videographers, Choosing the song for your first dance can be difficult. If you can't choose just one song, or you're planning a dance routine, I can help to mix and edit a song to suit your vision.

"Adam kept the dance floor busy for my daughters wedding reception. I am glad we made the right choice as our guests talked about it for months after. We would highly recommend Keen Discos if anyone is looking to have a party in the near future."

Andy Long
Field Place

"My husband and I were so pleased with every part of the service, from the communication in emails to the DJ set at our wedding reception. We will 100% recommend to friends and family! Thank you again!"
